

**HELPING YOU
GROW YOUR
PEOPLE WELL**

WHO ARE WE?

We are a consulting group expert in helping organisations, industry bodies and governmental agencies grow their people and their workplace capability.

What drives us is a desire to make a positive impact on the working lives of people around the world by finding tailored solutions that build productivity in the workplace and drive business or economic growth.

How we do this is key – by always keeping the wellbeing of people top of mind. Because people are at the centre of everything we do.

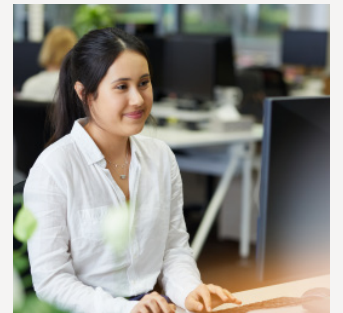

OUR APPROACH

We have experience working across both the New Zealand marketplace and internationally.

Our skill, our knowledge, our unique understanding of education consulting and capability building – as well as how to get the very best from your people by focusing on their wellbeing – means Skills Consulting Group is the team to call when you need hands-on assistance with building and upskilling your workforce.

We do this by working with our clients to understand the need and find the right solution to build the skills of your people, your teams, your workforce.

OUR TEAM OF EXPERTS

With nearly 30 years' experience, we are the experts when it comes to growing people in the workplace.

We work across a number of different industries - so we know the environments you operate in, we understand what you need and we find or develop practical, tailored solutions that work for you. Then we work with you, side by side, to build, implement and, ultimately, help you achieve your goal.

TAILORING SOLUTIONS FOR OUR CLIENTS

We believe in working in partnership with you to develop bespoke solutions that meet your specific need.

OUR BRANDS

Based in New Zealand and with clients from around the globe, Skills Consulting Group is a family of brands with specialist expertise in:

- People Capability
- Vocational Education
- Wellbeing Services
- Training and Courses.

Through our network of specialist services and brands, we have the solutions to meet the unique needs of your organisation and your people – and, ultimately, drive growth.

It's our goal to grow people well.

Within our group sits:

- Skills, New Zealand's largest Industry Training Organisation (ITO)
- The Skills Consulting Group vocational education consultancy arm
- The Skills Consulting Group eLearning and people capability experts
- Wellbeing specialists, including Instep EAP
- Outplacement and career transition experts, CDL Insights
- Leadership and management training provider, IMNZ
- Sales trainer, David Forman.

OUR SERVICES

PEOPLE CAPABILITY

Our People Capability experts help you assess and build the skills of the people within your team, organisation or workforce – and put in place the right programmes or training to meet your exact needs.

SPECIALIST EDUCATION

Our Specialist Education consultants are a team of vocational education and learning & development experts that can develop Technical and Vocational Education & Training (TVET) and help build or strengthen education systems and frameworks in developing countries.

WELLBEING SERVICES

Our Wellbeing Services are team of experts in outplacement & career transition, Employee Assistance Programmes (EAP), alcohol & drugfree workplace programmes and critical incident support. They help you navigate challenging times within your business.

TRAINING AND COURSES

Training – whether it be tailored leadership & management programmes, sales and technical training, or apprenticeships, qualifications and certifications – is at the very heart of everything we do. Our experts can help get this right for your business.

OUR WORK

As our work has grown in New Zealand and internationally, so too has our knowledge and expertise across numerous different industries and communities.

Today we offer workplace development solutions across 22 different industries, 14 different countries and have worked with tens of thousands of learners and employers.

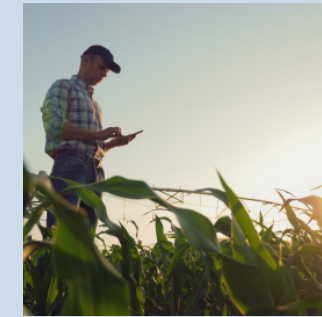

Check out our work here:

WHY CHOOSE US?

Skills Consulting Group is a full-service international consultancy working with businesses, industry bodies and governmental agencies from all over the globe.

We have over 30 years' experience in building workplace capability – we are the experts and we work with our clients every step of the way.

We are based in New Zealand and work with clients around the world. New Zealand is ranked 6th globally by the World Economic Forum for building and developing a skilled workforce through high quality vocational and technical training.

We get results and have the proven ability to deliver solutions tailored to your unique needs.

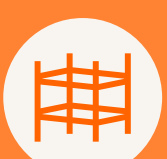

We put people first – because we know that the best workplaces recognise that productivity and the wellbeing of its people go hand-in-hand. So with every solution, we make sure that people and their wellbeing are right at the very centre.
