About introv

Founded in 2008, Introv started off as a Cloud Based Consultancy company offering local businesses cloud computing solutions. Upon seeing a gap in the market, the company focus shifted to include understanding the customer's true needs, and how we can maximise the business values of the customer by doing so. The Company has grown substantially over the years and now operates as a full service IT consultancy service provider in the Asia-Pacific region (APAC).

As one of the leading implementers of the world's No. 1 Cloud Enterprise Resource Planning (ERP) system in APAC, we empower customers with the strategic use of innovative technologies and deliver world class results that help customers grow by redefining their business practices, while boosting their overall growth and success.

Award & Recognition

- Awarded "Top 10 ERP Solutions Providers" by APAC CIO Outlook Publication
- Recognised as NetSuite's 5-Star Partner
- Recognised Most Valuable Partner NetSuite HK
- Oracle NetSuite SuiteCloud Developer Network (SDN) Partner
- Awarded "Most Outstanding IT Cloud Solutions of the year" by HKCT Business Awards 2023
- Awarded "Manpower Developer" in recognition by The Employees Retraining Board
