31 December 2018

Dear Licensee,

Inspection of Licensed Food Premises

I am writing to inform you that this Department has conducted a review of classification of your food premises under the Risk-based Inspection System (RIBIS) for the purpose of conducting inspections to your premises by our authorized Health Inspectors on a regular basis. Please note that your food premises have now been classified as TYPE I (see the attached Annex for details). Starting from 1 January 2019, your food premises will be inspected at intervals of about once every 52 weeks until further notice is given.

Please note that the Health Inspectors conducting inspections to your food premises may vary from one occasion to another. However, all officers performing inspections to your food premises will wear full uniform, and they will produce warrant cards for identification.

To avoid the possibility of impersonation, you are advised to check carefully the identity of each and every inspecting officer. In case of doubt, please verify immediately with our Chief Health Inspector at 2212 9729 or the District Secretary at 2212 9730.

Yours faithfully,
(Calvin CHAN)
for Director of Food and Environmental Hygiene
