

Executive ESG Learning Partner

About GolImpact

Bridging the great divide between the talk and action, accelerating the Sustainable Development agenda from intention to implementation – GolImpact means Impact made easy and actionable.

We are an ecosystem developed to connect the dots and provide action enablers built around 3 key pillars:

GoLearn (Education)

GoNetwork (Structured Advocacy)

GoInvest (Deal Flow Platform for Sustainable Investments)

Through our **partners' network** with **online-to-offline initiatives**, we provide **learning opportunities to drive real change by example** for everyone who is keen to understand more about the Sustainable Finance agenda.

How Can GoImpact Help You?

We are known for:

- **Industry insights** and practical examples/**use cases** from seasoned senior executives to demonstrate methodologies of implementing ESG into work practices.
- **Subject matter experts** facilitators who bring extensive practitioners experience to the workshops
- Engagement with participants through **hands-on mini project work** to deepen and embed learning outcomes
- **Interactive approach**, with break-out groups as well as entire workshop discussion sections.

Helene Li | CEO & Co-Founder
Advisory Board Member, Global Centre of
ESG Education and Research, Hong Kong
Management Association

- Helene was identified as Top 2 Opinion Leaders in Sustainable Finance by Refinitiv / Top 15 Women in Finance, she is a firm believer in applying market-based solutions to fast track social and environmental impact.
- Passionate advocate for Sustainable Finance, Helene is a management consultant by training and a seasoned finance industry professional with long tenures in strategic planning and marketing roles at global financial institutions such as J.P. Morgan, Lombard Odier, and BNP Paribas.
- It is in this spirit that she co-founded Golmpact as an action-driven ecosystem to connect stakeholders in accelerating the Impact momentum.
- She has been spearheading and curating industry recognized and highly rated Next Generation Family Business programs, and a regular contributor to Impact and Entrepreneurship research throughout her banking and consulting career

Clarence T'ao | Co-Founder
Advisor to Privex Group

- Former CEO of BNP Paribas China, then Head of Wealth Management for Emerging Asian Markets
- Clarence is a veteran banker having extensive experience in the financial markets in the APAC region, China and Canada
- Clarence has broad banking and market knowledge which spanned corporate lending, loan syndication, structured finance, acquisition finance and corporate and private banking.
- Prior to joining BNP Paribas, he has held various senior positions with Citibank and the Chase Manhattan Bank.
- In November 2018, Clarence co-founded Golmpact, acts as advisor to a regulated exchange start-up in Singapore and started his own online business.

Andy Ann | Co-Founder
Chairman of NDN Group

- Andy is a serial entrepreneur with over 19 years of digital experience doubling as an angel investor.
- Besides being the Co-Founder of Golmpact, he is also the Chairman of NDN Group, a digital conglomerate that focuses on a wide range of industries across multiple markets. They include artificial intelligence, big data, blockchain, digital advertising, mobile app development and more.
- Andy is well-connected to local and Silicon Valley incubators. Furthermore, he is part of the HKTDC Belt and Road Committee and an Executive Committee Member of The General Association of Zhejiang Entrepreneurs – a non-profit organization founded by Jack Ma, Chairman of Alibaba – pooling together local and mainland entrepreneurs to foster social cohesion and driving long-term economic prosperity.
- With his expertise in the digital world, Andy is excited to contribute to sustainability and help drive real change.

Founders Team

A team experienced in
Financial Services Industry
and advising High Network
Individuals and Corporate
executive

Hsu-sheng Wong (GSFP) | COO

Formerly Director, Senior Regional Manager, Global Financial Institutions at OCBC

Grace Ho | Consultant and Trainer

Ewan McEwan | Lead Trainer

Former career in sports development including attending 2 Olympic games

- Hsu-sheng has an extensive legal and finance background, having worked for over 16 years as a lawyer, investment banker and commercial banker.
- He started his career as a trainee solicitor with Clifford Chance and worked in London, Shanghai and Hong Kong before moving to Singapore to work for a major Japanese investment bank specializing in debt capital markets origination and execution.
- He later joined OCBC's debt capital markets team and was a member of the bank's treasury funding sub-committee as well as alternate representative of the Association of Banks of Singapore's debt capital markets sub-committee. He took several senior roles within several financial institutions.
- A keen sustainability proponent, Hsu-sheng has been actively involved in developing ESG frameworks and operationalising them for practical application in the office and at home. He has attended the Yale-SOM Sustainable Finance and Investment program, the SMU-Golm Impact Sustainability program and is a certified Green and Sustainable Finance Professional (GSFP) from the Chartered Banker Institute.
- Grace is a technology savvy business executive and respected change agent, with more than 20 years experience in corporate multinationals, and 5 years experience as CEO and President at technology startups.
- Listed as Singapore 100 Women In Tech (SG100WIT) 2021, she is recognised for her leadership in leading global teams & startups to drive growth through partnerships, advocating technology as an enabler in business transformation, and fostering cross-cultural team collaboration to drive positive business outcomes.
- Grace is also a Singapore Institute of Directors (SID) Senior Accredited Director with more than 5 years experience as Independent Board Director and in Advisory roles. She currently serves on 2 SGX-listed Boards (MTQ Corporation Limited and YTL Starhill Global REIT Management Limited), a non-listed Singapore technology SaaS company (SQL View Pte Ltd), and on the Singapore National Library Board's (NLB) Digital Services & Customer Experience Advisory Council.
- Grace holds an MBA from the Australian Graduate School of Management, University of New South Wales, and a Bachelor of Science Degree from the National University of Singapore. Her industry certifications include SID Listed Entity (LED) Program, Executive Diploma in Directorship (SID-SMU Program), Advanced Certificate in "Driving Sustainability for the Future: The Future of Work through a Sustainable Lens" from the Singapore Management University (SMU), certified Project Management Professional (PMP) and Six Sigma Green Belt.
- Ewan McEwan is a global learning and development professional specializing in leadership, sustainability & climate risk. He is an Accredited Advisor with the Future-Fit Foundation, using and promoting their Future-Fit Business Benchmark Tool – a method to measure achievement of sustainability in absolute terms.
- Starting with a career in sports development, management, and adjudication –including attending 2 Olympic Games and the America's Cup – Ewan completed the full-time, two-year MBA programme at the Alliance Manchester Business School, University of Manchester.
- He specializes in integrating sustainability into business strategy, enabling companies to gain the benefits of embracing sustainability – increased revenue, reduced cost, and better risk management.
- Ewan holds a post-master's diploma in corporate governance, qualifying him as a non-executive director for listed companies, and is a member of both the Global Association of Risk Professionals and the International Society for Sustainability Professionals.

Operation, Engagement & Partnership

Recognized industry and
Financial Services professionals
to integrate the science with real
life use cases

The Problem with ESG Learning

The ESG investor education landscape in Asia is **fragmented and disconnected, under-tapped and under-resourced**

An obvious **supply-demand gap** between investors demand and the readiness of the finance industry and the corporate world to respond

Addressing sustainability education is of fundamental importance to mainstream and drive the sustainability agenda forward
