

ABOUT PEOPLEBANK

Asia Pacific's Leading Talent Solutions Provider

We specialise in placing people across all vertical markets and industry sectors, our network of offices extends to Australia, Hong Kong and Singapore.

PEOPLEBANK AT A GLANCE

- 200 staff;
- Over 4,000 candidates placed each year;
- More than 3,000 contractors on assignment at any given time, and
- Over 100 preferred supplier agreements in place.

We've achieved these results because, quite simply, we're passionate about people and dedicated to being the best recruiter of IT & digital professionals.

WHAT WE DO

We are expert recruiters, who have been finding IT & digital specialists for some of the most dynamic and recognised organisations in the Asia Pacific region for over 25 years. From systems administrators and cloud computing professionals to network engineers, technical writers and usability gurus, we've got an IT or digital specialist to suit your organisation's needs, industry and culture.

WHAT WE ASPIRE TO DO

Because we are specialists, not generalists, our recruiters are constantly developing their own skills and knowledge within the IT industry to ensure a candidate is placed in the optimal role and company. As well as learning and development, we live up to six key values that help us be the best we can. These are, integrity, teamwork, innovation, accountability, excellence and passion. With these constantly in mind, we aspire to be the best communicators, the best innovators, the best strategists and of course, the best recruiters in IT & digital industries in Asia Pacific.

OUR PURPOSE

To make lives better by helping people achieve their goals

AREAS OF SPECIALISATION

-  Executive IT
