a **PCCW** Group member

Empowering your business through HKT

Reliable Connectivity Solutions

HKT Business Broadband provides both **fibre-optic** and **5G broadband** to enterprises in Hong Kong. Our customers also benefit from a variety of value-added services such as **exclusive cybersecurity protection** and **wireless Internet access**.

Business Broadband

- **Ultra-fast** bandwidth up to 100G, with **wide coverage** of business areas, industrial buildings, malls and shops.
- **Strong international bandwidth** while PCCW Global owns over 70 cross-country undersea cables that allow our customers to stay connected globally.
- Various **Wi-Fi solutions** with experts to handle installation and radiation checks for optimised signals and network speeds.

5G Business Broadband

- With **99.9%# business district network coverage**.
- The first mobile operator in Hong Kong to provide **seamless 5G coverage along all MTR lines**.
- On-site radiation check and installation, together with **post-service support and maintenance services** to ensure the best 5G experience.

Powerful Voice and Communication Services

HKT's comprehensive communication services empower your business to seize unlimited opportunities. Our customised communication services enhance your business efficiency and foster closer relationships.

Business Telephone

- **Stable telephone network** with 90 telecom buildings in Hong Kong, supporting your business development.
- **Diversified business telephone services**, including direct line service, SIP Trunk, hunting line and others, customising for your business needs.

On-the-go 2.0 Mobile App

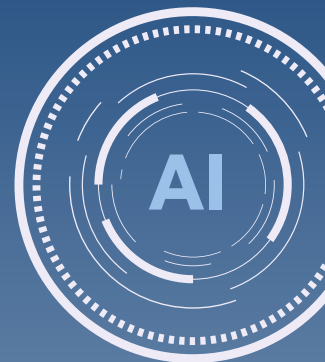

- **Integrate your office fixed-line with your mobile**, enabling you to make and receive office calls anytime, anywhere.
- **Display your office number when calling**, ensuring clients recognise it and maintaining a unified communication channel.

5G Business Mobile Plan

- **Ultra-fast and low-latency 5G** connectivity with superb 5G service in densely packed buildings or remote areas.
- **Multi-user plan** allows flexible adjustment of SIM card quantity and allocation of your staff.
- Enjoy **seamless operations without geographical constraints** in Mainland China, Hong Kong and Macao.
- **Personal Assistant Service** enables our 1010 customers to enjoy exclusive concierge services at no extra charge.

Exceptional AI Tools and Digital Solutions

Expand global reach and optimise your business with HKT's comprehensive suite of solutions. The powerful tools are designed to streamline operations, enhance customer experience and drive growth, empowering our customers to succeed in today's interconnected world.

Office Collaboration Solutions

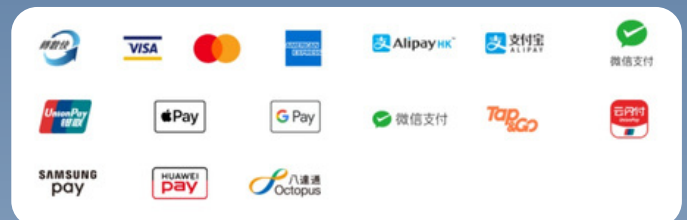

Various **operational solutions** such as Microsoft 365, Google Workspace, Cloud Accounting System, PDF Editor, Email Protection and Membership Solution, ease the workload of your business operations.

Perplexity Pro

Powerful AI tool with cutting-edge **AI models** (like ChatGPT, Deepseek and Grok without the use of VPN) and real-time search capability and analysis which helps enterprises make smarter and faster decisions. Our **workshop and training** provided by HKT help you master the applications to enhance AI adoption in your business.

Smart POS

All-in-one electronic payment solution for merchants. The portable device handles **up to 16 payment methods**. Merchants can also use any bank account for settlement.
