IPO / Listed Company One-stop Services

We have provided high-quality corporate services to over 100 listed companies in Hong Kong. The core members of our Hong Kong team, including industry leaders have extensive experience as company secretaries and governance professionals. They can support clients throughout their listing process.

Pre-IPO Preparation

- Financial due diligence and consolidation
- Group architecture restructuring and listing structure building
- Establishment of domestic and/or overseas companies (Hong Kong, offshore etc.)
- Trust establishment and services (pre-IPO trust, family trust, employee benefit trust, employee stock ownership trust)

Medium term / IPO waiting period

- Tax consultant
- Project overall management
- If a listed entity incorporated outside Hong Kong, the application for registration as a "non-Hong Kong company" shall be made in accordance with the Companies Ordinance of Hong Kong
- Provide the main business address in Hong Kong
- Serve as company secretary and authorized representative during the pre-IPO stage to assist in preparing and signing various listing documents as required
- Daily financial and tax internal control consulting and ESG reporting

Company secretary after listing

- Annual/Mid-term report
- And financial performance announcements
- Corporate governance report
- Meetings of the Board and the Board of Directors
- Compliance reminders
- Hold a general meeting of shareholders
- Co-organize dividend distribution
- Director training
- Monthly report/daily disclosure report forms
- Stock option plan/share award plan
- Communicate with various units, such as shareholders, Stock Exchange, Securities and Futures Commission and share transfer office
- Disclosure of shareholders/directors interests

Enterprise services after listing

- Annual declaration and other compliance services and maintenance of the company
- Accounting, financial reporting and payment management
- Tax year declaration and compliance consultation
- Human resources and payroll management
- Internal audit
- Corporate governance, risk and compliance consulting
- Environmental, Social and Governance (ESG) reporting
- Draft corporate compliance policies
- Auditing of listed companies*
- Regulatory update tips

Leading Human Resources Services

We have been focusing on Asian human resource services for more than 25 years, and have been rated as the best human resource outsourcing partner in Asia for 10 consecutive years, providing services to 20 Asian countries and regions 100% local support: local delivery, local language, local HR experts.

Salary outsourcing HRO

- Provide 100% local Asian salary outsourcing services to achieve:
- Simplify compensation management and personnel processes
- Save up to 60% of personnel operating costs
- International information security standards (highest level globally)
- Reduce the human compliance risk of the enterprise to 0

EOR-nominal employer services

- Help customers expand globally more flexibly and quickly, and hire local employees in as little as 48 hours
- Compared to the nominal employer EOR service, the cost of setting up a local legal entity for the customer is at least 10 times that! And it does not include the time required to set up the entity!

Recruitment services

- We provide comprehensive headhunting services for enterprises. Over the past 25 years, our talent pool has been continuously accumulated and expanded
- The recruitment industry is subdivided into seven major industries: life science and healthcare, luxury and retail, manufacturing, etc
- Through our recruited staff, the retention rate is 98%

VANTAGE
DATA CENTERS

Private Client and Family Office Services

We are well aware that every private and family office client has its own unique demands and high requirements for privacy, so we adhere to the service concept of "one case, one customization", to provide our clients with customized solutions, customized family office reports, single contact one-to-many service support.

Our services span the entire life cycle of families and businesses

Due Diligence

Legal Due Diligence

Review corporate information, shareholder architecture, and key documents; verify tangible and intangible assets, as well as credit and debt obligations; assess major contracts, operating licenses, and insurance compliance; and review human resources policies and litigation records.

HR Due Diligence

Assess the human resources management system, compensation and benefits policies, and compliance with labor laws to identify potential employment risks.

Financial Due Diligence

Audit financial systems and ensure data transparency, identify tax risks, and assess the effectiveness of the company's internal control system.

It is more challenging for risk management and control in emerging markets. InCorp provide comprehensive and professional due diligence services in accordance with local and international practices to help clients navigate the risks associated with investing in Asian markets.

Business Consulting

Business and Contract Consulting

- Contract Drafting, Review, and Support for Business Negotiations
- Comprehensive Legal Advisory Services for Cross-Border Investment and Trade Transactions
- Legal Document Translation
- Mediation, Arbitration, and Litigation for Contract Disputes of All Kinds

Labor and Employment Consulting

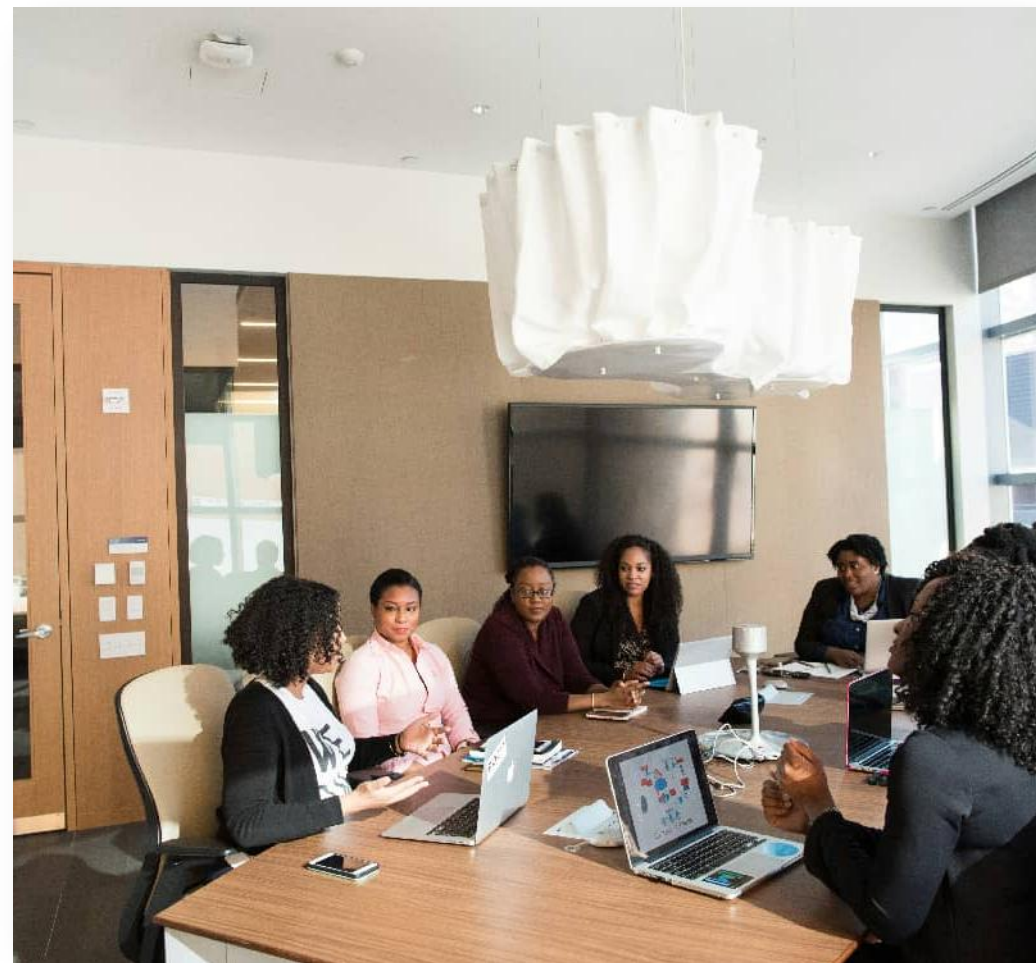

- Consulting on labor compliance policies and drafting of standard contracts
- Design of equity incentive and stock option plans for key personnel
- Development of plans for cost-based layoffs and termination of employment relationships
- Rapid response and resolution of sudden labor-management disputes

Comprehensive Consulting

- Regulatory Analysis and Investment Feasibility Studies for Market Entry in Asia
- Establishment of Foreign-Invested Companies, Restructuring, and Compliance Reviews
- Corporate Restructuring, Spin-offs, and Non-performing Asset Disposal Services
- Intellectual Property Protection and Strategy, Including Trademarks and Patents

Overseas Investment

Compliance Approval and Consulting

Provide end-to-end agency services for ODI filing and approval, as well as analysis of capital outflow compliance and relevant policies and regulations.

M & A

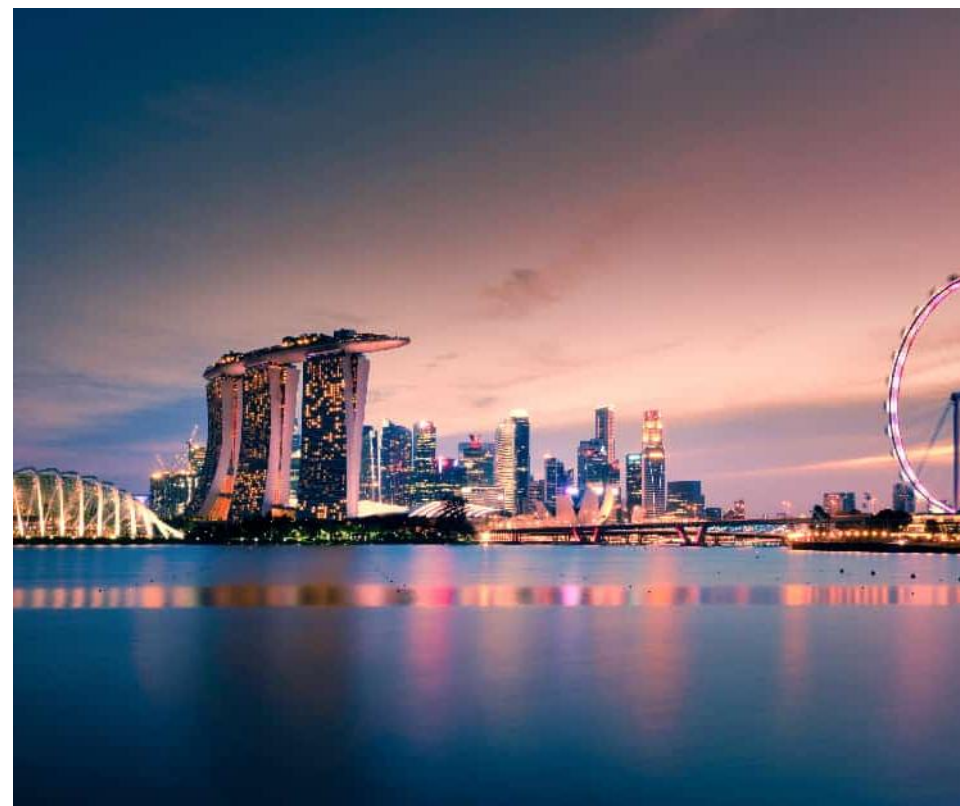

customize M&A transaction architecture, assist in identifying target companies and high-quality partners, and maximize business synergies.

Research and Implementation

We provide strategic consulting on market entry, corporate structuring and registration, as well as joint venture negotiation and operational support.

Asian companies often face a variety of market and regulatory challenges when expanding overseas. Our overseas investment consulting team customizes solutions to meet investors' specific needs and provides comprehensive professional support to help companies promote the layout of overseas markets.

Company Establishment and governance

Core Structural Design and Changes

Provide full-lifecycle services, including top-level corporate architecture design, entity registration and establishment, corporate liquidation and deregistration, restructuring, and asset divestiture.

Professional Administration and Functional Support

provide professional corporate secretarial services, as well as services for the appointment and management of statutory positions including nominee directors and nominee shareholders.

Governance and Business Compliance

This encompasses the establishment of governance frameworks, business compliance audits, ESG planning, and the development of specialized internal control systems for anti-money laundering and anti-corruption.

The establishment of corporate entities and the development of legal architecture for investment projects are the cornerstones that determine a company's future flexibility and success. We assist clients in formulating and optimizing structural solutions to help them build core competitive advantages in the Asian

Accounting Services

Core Accounting and Bookkeeping Services

- Standardized Bookkeeping and Accounting Standards Consulting
- Management Reporting and Financial Statement Preparation
- Unified Management of Multi-Location International Offices
- Virtual CFO and Statutory Filing Services

End-to-End Financial Security Management

- Safekeeping and Use of Seals and Certificates
- Payment Requests and Expense Reimbursement Processing
- Bank Counter/Online Banking Services
- Foreign Exchange Reporting and Bank-Client Balance Reconciliation

Digital Accounting and ERP Integration

Based on intelligent and secure integration systems to build digital accounting capabilities, automate business processes, and improve efficiency.

Modern enterprises require accounting practices that are forward-thinking and tailored to their specific needs. Driven by technology and focused on our clients, we help them manage their financial compliance matters in Asia by providing comprehensive, customized solutions.

Audit & Financial Review

Cash Management and Audits

Cash Management, Procurement and Payment Controls, Employee Expense Audits, Cash Flow Optimization

Special-Purpose Reviews

Specialized Accounting Compliance Inspections
SOX Compliance Consulting

Financial Statement Audits

Internal Report Reviews, GAAP Conversion, Inventory and Fixed Asset Counts

Annual Statutory Audits

End-to-End Support for Annual Statutory Audits
Compliant Statutory Audit Reports

Internal Controls and Risk Management

Process Review Consulting | Fraud Prevention and Investigation

Internal and statutory audits are the key focus for companies in every fiscal year. Our team of professionals provides audit services that comply with local and international standards, as well as in-depth review services.

Tax Services

Corporate Tax

TPD · Risk Assessment and Dispute Resolution · APA

Indirect Tax and Individual Income Tax Compliance Services

VAT/GST Filing · Individual Income Tax Planning for
Expatriates

The factors and regulations involved in tax planning are complex and constantly evolving, particularly in emerging markets. We help companies navigate corporate, indirect, and personal income taxes, as well as international tax and transfer pricing issues across Asia.

Intellectual Property Services

Intellectual Property Consulting

- Intellectual Property Search and Portfolio Management
- Valuation, Investment, and Commercialization Planning
- Online Business and Digital Asset Protection
- Infringement Investigations, Evidence Collection, and Analysis
- Strategy Development and Dispute Resolution
- Comprehensive Patent and Technology Consulting

Intellectual Property Rights Validation and Registration

- Trademark Registration, Renewal, Transfer, and Modification
- Trademark Reexamination and Opposition Proceedings
- Copyright Registration for Works and Software
- Customs Protection Filing for Intellectual Property

Intellectual property is a cornerstone for managing strategic value in new markets. Our team is dedicated to helping businesses strengthen their protection systems, overcome various challenges, and identify business opportunities with keen insight, thereby maximizing the core value of this intangible asset in Asian markets.

Risk Management and Compliance

Financial Audits and Compliance

Account and inventory audits, internal financial statement audits, and professional SOX compliance consulting.

Comprehensive Internal Control Systems

Internal control reviews, management consulting, and professional training, and end-to-end risk management strategy consulting services.

Commercial Fraud Prevention Mechanisms

Anti-fraud strategies and conduct employee training, professional fraud risk prevention solutions and specialized investigation services.

ESG and Sustainability Consulting

Assist companies in formulating global ESG strategies, establishing localized control mechanisms, and achieving long-term sustainable value.

Reliable solutions is important for mature companies to ensure robust risk management and compliance. We provide our clients with effective strategies to address operational, financial, and reputational risks, helping them create sustainable value in Asia.

Business Intelligence Consulting

Multi-Country Market Benchmark Analysis

Covering key dimensions including DTA agreements, business operating costs, ESG consulting, and industry scale

Precision Business Matchmaking

From screening target partners and assessing qualifications to meeting preparation, we facilitate efficient business collaborations and resource matching throughout the entire process.

Strategic Site Selection Planning

Through comprehensive analysis of tax, regulatory, labor, and competitive environments, we customize market entry and implementation strategies.

Supply Chain Efficiency Optimization

We provide multi-country cost research, supplier screening, and in-depth engagement to comprehensively optimize your supply chain layout and operational efficiency.

Business intelligence is often the first step for investors in determining the direction and approach of their investment transactions in Asia. Our team is dedicated to providing you with the critical information to make informed decisions, helping formulate and optimize your strategic business direction.

Our Vision

To **redefine global business services**
powered by our people, smart technology,
and a shared commitment to prove
service excellence can scale globally.

Our Mission

Our mission is to empower businesses and individuals to scale greater heights through expert people, purpose-led technology, and unwavering commitment to service excellence.

Our people lead.

Our technology enables.

Our clients feel the difference.

Our Values

Our values are the foundation of our culture and the driving force behind our success:

We build processes that put people first.

Our people embrace process to enhance the client experience as a core foundation for building relationships that last well beyond any single transaction.

Because we believe in better relationships.

We deliver what we promise.

We commit to outcomes, not just activities. Our word is our bond, and we measure ourselves by outcomes that matter to our clients.

Because we believe in better accountability.

We bring clarity to the complex.

We translate expertise into clarity. Clients should understand their options and feel confident in their decisions.

Because we believe in better communication.

We stay ahead of the curve.

We don't wait for problems to find our clients. We use our knowledge and tools to spot opportunities and risks early.

Because we believe in better foresight.
