

Corporate Overview

Thrive is one of the largest managed services providers & managed security services providers in the world. Thrive delivers comprehensive managed services and unmatched expertise to drive secure digital transformation. Thrive's unique combination of industry experts, an automated technology platform, and the Thrive5 Methodology provides customers with a strategic advantage as they look to secure, scale, and succeed.

NextGen Managed Services

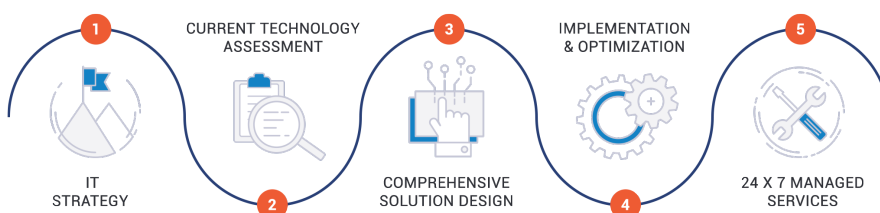

Thrive's customized NextGen managed services and The Thrive Platform, is designed to optimize business application performance via a secure, Cloud-based infrastructure and delivers efficient automation and AI services with less time and effort. Thrive's cutting-edge approach not only creates a superior, day-to-day IT experience, but can also help you manage your Cloud, Cybersecurity, Disaster Recovery, Digital Transformation, Global Network Management, and Traditional Managed Services capabilities at anytime and from anywhere.

Thrive partners with leading technology providers to tailor the ideal solutions for each and every customer. By integrating security, Cloud, collaboration, and other services on its managed platform, Thrive simplifies IT management, eliminates gaps, and keeps customers ahead of the curve.

Thrive5 Methodology

Thrive's NextGen services are fully customizable and leverage the Thrive5 Methodology, which provides each customer with a tailored strategy to optimize and protect their business data and applications. This methodology ensures access to the latest Cloud and on-premise technologies, advanced cybersecurity best practices, advanced networking solutions and compliance & governance assistance.

Thrive5 provides customers a unique opportunity to leverage a meaningful IT roadmap that takes advantage of NextGen technology and services, driving both efficiency and cost effectiveness.
