

Corporate Services | Accounting & Tax | China Strategy

WHO WE ARE

About us

La Nao Consulting is a professional services firm with offices in Hong Kong and Buenos Aires. La Nao offers corporate and commercial solutions to companies seeking to expand their business operations in China.

Value Added

Thanks to our strategic geographic locations and the diverse professional background of our team, we are able to provide services ranging from international trade to complex legal cross-border international transactions.

Our team comprises lawyers, accountants, engineers, and corporate governance professionals fluent in Spanish, English, Mandarin, Cantonese, and French.

OUR MISSION

"To become a leading platform between China and the world by providing the highest standard of professional services and support to our clients."

OUR VISION

"We believe that the fastest growing economies and business opportunities in the coming years lie in China and Latin America. Companies should have professional support to enhance their opportunities in these regions."

CORPORATE AND PROFESSIONAL SERVICES

As a licensed TCSP in Hong Kong, we provide a refined, concierge-level suite of corporate services built on precision, discretion, and world-class regulatory compliance.

Fully licensed under Hong Kong's stringent AMLO-regulated TCSP regime, our firm offers seamless company formation, corporate governance, and compliance management supported by uncompromising standards of integrity and trusted expertise. For discerning entrepreneurs, family offices, and multinational leaders, we deliver a quietly efficient, highly coordinated service experience—ensuring your Hong Kong structure operates flawlessly, securely, and with the sophistication expected in one of the world's foremost financial centres.

CORPORATE SERVICES

Registered Office Address

The official, legally required address of a company where all statutory documents, government correspondence, and legal notices are sent. It must be a physical address in Hong Kong and the one recorded with the Companies Registry.

Corporate Governance

Full management of a company's statutory and compliance obligations under the Hong Kong law. These include maintaining and updating corporate records, preparing and filing annual returns, managing board and shareholder resolutions, overseeing changes in directors, shareholders, or company structure, and ensuring timely compliance with regulatory deadlines.

Company Formation

End-to-end incorporation experience, including name reservation, drafting of Articles of Association, preparation of all statutory documents, appointment of directors and company secretary, and provision of a registered address and filing to authorities.

Company Formation (China)

Full establishment process for foreign-invested entities—including Wholly Foreign-Owned Enterprises (WFOEs), Joint Ventures, and Representative Offices—covering name reservation, business scope structuring, preparation of constitutional documents, and filings with the AMR and tax authorities.

Corporate Secretary

Full management of a company's statutory and compliance obligations under the Hong Kong law. These include maintaining and updating corporate records, preparing and filing annual returns, managing board and shareholder resolutions, overseeing changes in directors, shareholders, or company structure, and ensuring timely compliance with regulatory deadlines.

Bank Account Opening

Preparing the required corporate documents, coordinating KYC and due-diligence materials, arranging and supporting meetings or interviews with the bank.

ACCOUNTING AND TAX

Audit Coordination

Organizing, preparing, and managing all activities related to audits, including gathering required documents, liaising between auditors and internal teams, ensuring timely responses, and overseeing the flow of information to ensure the audit is completed efficiently and in full compliance.

MPF

Managing payroll processing, including calculating employee wages, handling tax withholdings, distributing payments, managing deductions, and ensuring compliance with labour and tax regulations.

Bookkeeping

Recording, organizing, and maintaining financial transactions—including income, expenses, invoices, payments, and supporting documents—to ensure accurate, up-to-date financial records and compliance with legal and tax requirements.

Payroll Services

Managing payroll processing, including calculating employee wages, handling tax withholdings, distributing payments, managing deductions, and ensuring compliance with labour and tax regulations.

Preparation of Financial Statements

Preparation of financial statements, including financial position, income, retained earnings, and cash flows.

Tax Filing

Preparing, completing, and submitting all required tax returns to the IRD. This includes gathering and organizing financial information, ensuring compliance with local tax regulations, calculating tax liabilities and available deductions, preparing the appropriate tax forms, and submitting them by the statutory deadlines.
