AgendaCorp

Modernize Traditions | 承傳

Your Benefits

No matter your companies are Small & Medium Enterprises or Large Companies

We have proudly incorporated the following benefits for you. Some of those benefits might only be offered to large companies at high costs in the past. Now, with our experience and improvements in IT, AgendaCorp is able to **offer premium services to our clients at more reasonable prices**

(well, we know we are too humble to say "more reasonable", actually "unbelievable" is a better word, believe it or not).

Price Guarantee

FORM A COMPANY NOW >>

We understand it is difficult to compare prices of service providers on Google because they offer incorporation packages with different scope and options. We want you to focus on Our Services, Our Benefits, Our Professionalism without bothering prices.

That's why, for Google search users, we offer you Price Guarantee and **refund 100% price difference** between our **Incorporation Xpress** services and comparable service providers appearing on the 1st page of Google search result.

Remarks: Price guarantee is applicable to Incorporation Xpress service only

How it works?

We compare our scope and fees with all service providers including advertisements on the 1st page of Google search (excluding Google Map – My Business). If you can tell us the name of the service provider appearing on the 1st page of Google search under keywords "Incorporation" or "Formation" + "HK" or "Hong Kong" and their incorporation package fee is lower than ours under the same scope, we will offer the lower price to you or refund the price difference if you have paid us already within 1 month since the date of your order.

Secure Private Room (open 24/7 online)

SECURED BY RapidSSL

Secure & Open 24/7

Every AgendaCorp's CoSec client is provided with a unique & secure* **PrivateRoom** which is open 24/7 online for accessing company's statutory records and notifying us any changes of the company. With AgendaCorp, you can view your company information immediately and notify us changes anywhere anytime on any tablet/iPad.

The room is only accessible by you (and managed by us) and thus this is really private. Do you want to have a look at our show room? Please **log in** as the user "**demo**" with password "**agendacorp**".

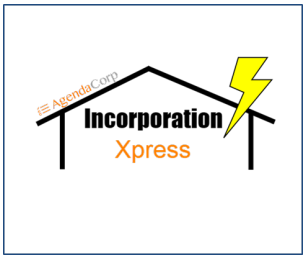
** We adopt tested HTTP Secure technology (i.e. https://) to secure your Private Room (and all online forms).*

How can Private Room improve your business?

- **Mobile office on *any*Tablet/ iPad:** who doesn't view emails on big-screen phones and work in tablets/ iPads nowadays? Our Private Room fits your PC/ Mac/ Tablets /iPads. Really *any*where.
- **Working in different time zones:** if you work in non-HK time zone or during non-office hours, Private Room is ideal for you because Private Room is open 24/7 so that you could view CoSec or Payroll documents really *any*time.
- **Viewing the same set of corporate documents:** different versions of files may cause confusions sometimes. Granting access right to other management/ employees *(up to 2 / 5 users under CoSec Unlimited or Payroll Complete / CoSec Plus)* can ensure that all of you are viewing the same and latest versions *(up to 100 files, .*

- ***Shortening audit time:*** *you can grant access right to auditors for checking CoSec or Payroll documents themselves. AgendaCorp (your CoSec) can also help answer their questions too.*

Express Delivery of 100% Fresh HK Companies



MORE DETAILS >>

AgendaCorp only sells 100% freshly-made HK companies instead of shelf companies (risk of being rotten!) without sacrificing any incorporation time.

We offer Incorporation Xpress *(click here)* for Hong Kong Private Company Incorporation.

For **Incorporation Xpress**, we simplify the complicated governmental procedures into 2 key steps:

(1) Incorporate a new HK company (in one of your 3 preferred names) under AgendaCorp in around **1 hour** (within the same business day full payment is received and confirmed)

(2) Transfer ownership & directorship of the newly incorporated HK company to you within **1 business day**

In short, we need around 1 business day plus additional time needed by you and the mailing vendor for reviewing, signing & delivering transfer documents. From our experience, it normally takes around 1-3 business days for local clients or 3-5 for overseas clients in total assuming you act promptly upon our email instructions.

Unlimited Access (at no extra charge)

MORE DETAILS >>

Traditionally, many CoSec firms charge per time spent (like law firms) for even retrieving your own statutory records. The reason is that they have stored all your records in hard copies only, and they need to spend a lot of time to identify your records and pull those from go-downs. All these take time, 1-2 days the fastest if not a week or two. Of course, they need to charge you for this extra time.

AgendaCorp offers **CoSec Unlimited** *(cick here)* plan instead. We store all your original records safely and at the same time put your statutory records online in **"Private Room"** for you to access anywhere anytime you need them. **Unlimited Access – No extra charge – No more waiting**

Also, we offer an option for you to upgrade your plan to **CoSec Plus** *(click here)*. If you estimate your company will have lots of changes, you should choose CoSec Plus because **a fixed fee covers Unlimited Filings to the Hong Kong Companies Registry***. It's really unlimited – just notify us in your Private Room and enjoy our worry-free filing services.

* *excluding preparation of resolutions and other legal documents/ work of which templates for most common situations can be found in our Library (CoSec Plus clients with full access/ CoSec Unlimited clients with limited access).Simply Contact Us if you would like us to prepare resolutions and other documents in addition to filing notice.*
