

ATELIER ENGINEERING LIMITED

System Integration & Solution
Your One Stop Service Provider

Who We Are

We are a system integrator with the experience engineering team more than 10+ years, providing system design, system consultation, equipment supply as well as the installation for your project. Even the project was complete, our maintenance service team will provide the professional after sales service to satisfy your needs.

Service We Provide

- *System Consultation*

From our very first conversation, we will listen, embrace your goals and work with you to achieve the vision you have for your project. Our system consultant team will discuss and analyze all the technical and logistical factors.

- *Engineering Service*

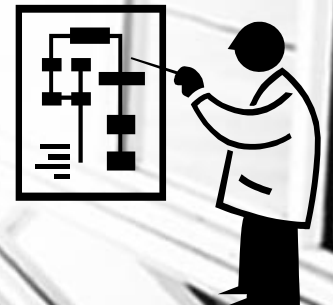

Our team of skilled technicians can install your equipment in the most demanding of environments. We provide complete project management by our professional and certificated engineer to satisfy your project schedule and needs.

- *Maintenance Service*

Our technical services teams are well trained and authorized by our suppliers. Our technicians specialize in troubleshooting and repairing the equipment to maintain your system in good performance.

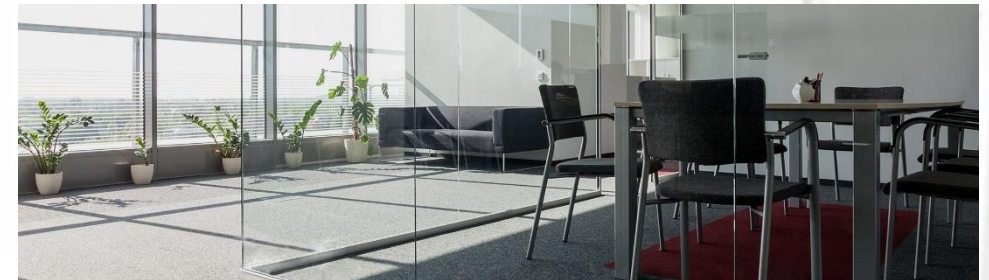

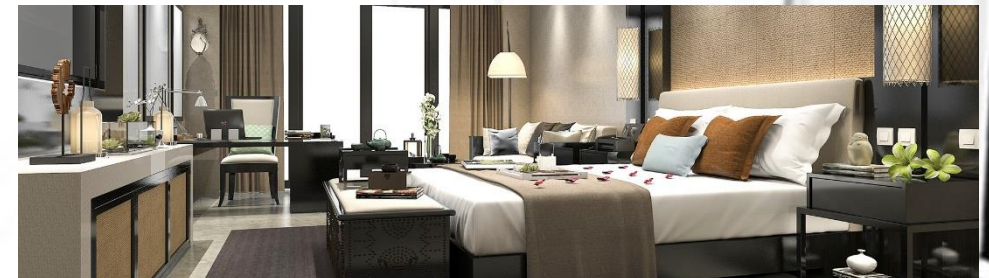

- *Product Distribution*

We procure all required equipment from the world's leading manufacturers of Lighting, Audio & Visual and centralize control technology. Strong partnerships with hundreds of 'best in class' manufacturers help us to control our costs, which saves your money.

SHURE

A smiling female customer service representative wearing a headset, with the Atelier Engineering Limited logo and contact information overlaid on the left. The logo features the word "ATELIER" in a large, black, sans-serif font, with a small red dot above the "i" and a grey gear icon to its right. Below the logo, the text "Atelier Engineering Limited" is written in a smaller, black, sans-serif font. Further down, three contact details are listed, each preceded by a circular icon: a telephone icon for the phone number "+852-2145-0355", an envelope icon for the email address "info@atelier-hk.com", and a globe icon for the website "www.atelier-hk.com". The background is a blurred image of a call center environment.
