AI-powered sustainability report drafting

Use Case

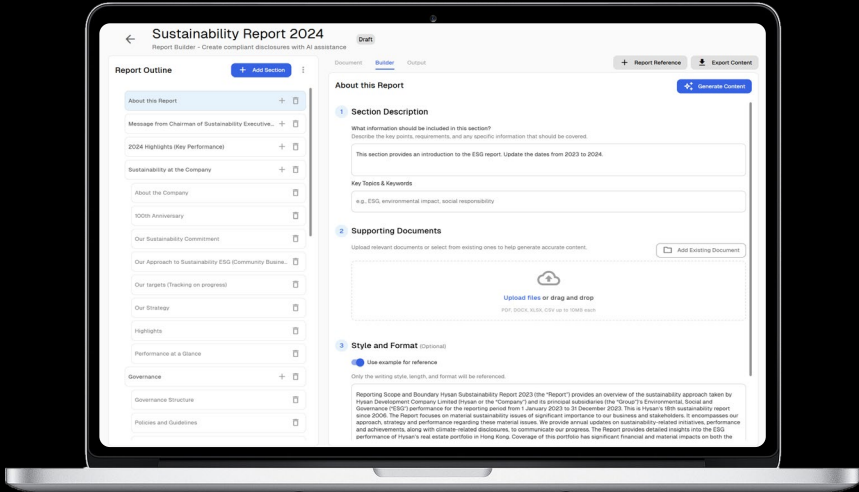

- Reporting compliance with HKEX listing rules and sustainability standards.
- Report drafting, performance benchmarking, investor Q&A

Challenge

- Significant regulatory burden to file involuntary announcements regularly.
- Annual, interim, and ESG reports must comply with complex guidelines.
- Insufficient time to respond to ad hoc questions from investors.

Strategy

- Accelerated compliance review against listing rules, IFRS, and TCFD.
- Generated verifiable ESG report content at scale.
- Automated rating agency questionnaire responses.

Compliance Automation

Automate and Elevate Annual Report Review for Regulatory Confidence

- AI-driven analysis against Appendix C1 and other listing rules reduces manual errors
- Faster identification of compliance gaps enables timely remediation
- Scalable solution adaptable to evolving regulatory frameworks
