

Founded in September 2018, the Hong Kong Green Finance Association (HKGFA) is a platform that offers channels and opportunities to facilitate the development of green finance and sustainable investments in Hong Kong and beyond. It aims to mobilise public- and private-sector resources and talents in developing green finance policies, to promote business and product innovation within financial institutions. HKGFA's main goal is to position Hong Kong as a leading international green finance hub by providing greater access and opportunities for Hong Kong's financial institutions to participate in green financing transactions locally, in mainland China, and in markets along the Belt & Road Initiative. This is in line with the global trend of implementing the UN sustainable development goals and the Paris Agreement. Currently, the Association has members of over 100 financial institutions, companies, service providers and other key stakeholders.
